PROFESSIONAL EXPERIENCE

Software Developer

April 2022 - Present

Inadev India Pvt. Ltd. (Sister company of Optimize IT Systems Pvt. Ltd.) - Kolkata

- Led Flutter and Native Android development for **CEEBIT** dynamic JSON-driven app builder, reducing app loading time by **35%** and cutting client onboarding time by **40%** through rapid cross-platform app generation.
- Architected and delivered **Dealyards**, a Flutter + BLoC real estate broker app using CEEBIT, streamlining buy/sell transactions for **3+ enterprise broker clients**.
- Led full migration of **IRS AR Tax Assistant** from Native Android to Flutter; leveraged **Kotlin Coroutines** and **Hilt** for async processing and dependency injection, delivering advanced AR form scanning across Android and iOS.
- Designed AR features and a **JSON configuration engine** for dynamic API integrations, improving system flexibility and supporting **5+ enterprise client** configurations.
- Built **Angular 17** configuration portal for UX customization and JSON data exchange, reducing manual configuration effort by approximately **30%** per client deployment.
- Collaborated in **Agile/Scrum** ceremonies (sprint planning, standups, retrospectives), enforced **MVVM-Clean** standards via code reviews across a team of 6 developers.

Associate Software Developer

October 2020 - March 2022

Optimize IT Systems Pvt. Ltd. - Kolkata

- Developed **4+ government and enterprise Android apps** with REST API integrations using **MVVM-Clean, Room,** and **Kotlin Coroutines**, reducing data sync errors by **25%**.

- Contributed to **IRS** (AR tax assistant), **ISGP GRMS** (grievance redressal), and **GP Base Map** (rural monitoring), enhancing public service delivery for government stakeholders.
- Mentored **3 junior developers** on MVVM-Clean architecture, Kotlin Coroutines, and Git workflows, reducing code review turnaround time by **20%**.

Android Developer

April 2019 - June 2020

Esolz Technologies Pvt. Ltd. - Kolkata

- Built and shipped **5+ production Android apps** for e-commerce, social networking, and event management clients across **India, Nigeria, and South Korea**.
- Implemented **FCM push notifications**, real-time chat, and **Google Maps SDK**; managed full app lifecycle from requirements through **Google Play Store** deployment.
- Delivered: **IndiaMoneyMart** (P2P lending), **GO2UNI** (academic network), **COVAPP** (COVID-19 alert), **GOWIITH** (events), **KOODON** (e-commerce).
